NEW YORR CURB.

NEW YORK, Feb. 18—A substantial margin of improvement over the strong close of yesterday was shown by the more active issues on the curb market. The gains ranged from fractions to 4 points and affected a very wide list of issues.

The olis practically led the market in its unward swing. Mining shares were sometoward slightly better prices.

NAME MUST NOT BE PUT ON PRIMARY BALLOTS, HE SAYS

Declares He Would Like to See Next National Convention Great Dem-ocratic Conference,

NEW YORK, Fell. 18.— William Sibbs McAdoo announced today that the would not permit his name to be used on presidential primary ballots in the various States and that he advocated the sending of uninstructed delegates to the Democratic National Convention. The former Secretary of the Treasury said he believed the highest constructive leadership can best be obtained if the national interest is not submerged in a contest of individual candidacies."

"Personally." Mr. McAdoo continued, I would be delighted if the next hat tional convention might actually be a great Democratic conference, where the utmost freedom of action should bretail, and where the motive of high service alone should control."

Citizen's Obligations First.

The obligations of citizenship in a democracy are supreme, he said, and, higherfore, he should "resard it as the imparative duty of any man to accept

"I am not seeking the nomination."
the letter read, "and am reluctant to
do anything that would create the appearance of a candidacy."
Mr. McAdoo's views were expressed
in a letter sent to Miller S. Bell.
Mayor of Milledgeville, Ga., in response
to a telegram saying the citizens of
his boyhood home had placed his name
on the presidential preferential ticket.
The letter follows:

"Your telegram informing me that the citizens of Milledgeville have entired my name in the Democratic primary of the State of Georgia for President of the United States duly reviewed. I am deeply moved by this manifestation of the confidence of my friends who live in the city of my buyheod and in the State of my nativity.

It is indeed an honor to be considered by them worthy of such high Milledgeville Starts Ball:

It is indeed an honor to be considered by them worthy of such high station. I feel however that I should candidly state my position. I am not seeking the nomination, and am reluctant to do anything that would create the appearance of a candidacy. I cannot help feeling that this is peculiarly a time when we should fight for principles and not for individuals."

UNITED STATES RAILROAD ADMINISTRATION DIRECTOR GENERAL OF RAILROADS.

NEW YORK, Feb. 18.—The local market for raw sugar continues easy, but refiners were again holding off and as no business was reported prices were entirely nominal. It was evident, however, that Cuba was becoming more anxious to sell and was offering here as low as 9½c cost and freight, with indications that even lower than this would be accepted. There was a small sale of San Domingo sugar at fractionally better than il cents c. i. f. Refluers are still backward in deliverles on account of the unflavorable transportation facilities, while the demand is active. Prices are unchanged at 15.90 to 16 cents for fine gravulated.

There was a little more activity in sugar futures today, total transactions amounting to 1.90 tons, although price changes were irregular, owing perhaps to the uncertainty in the raw sugar market. The close was steady at 19 points advance to 5 points decline.

COTTONSEED OIL.

NEW YORK, Feb. 18.—Cottonseed oil was fairly active, with prices sharply under general commission house selling on the early decline in lard and cotton. The subsequent recovery in lard started a covering movement in oil, but railies were poorly sustained and the market at the close was 38 to 45 points not lower.
